KUNDESIGN inspired by nature and life

At KUN DESIGN, we create outdoor furniture and accessories that embody the contemporary era. Our products are developed from materials that retain the integrity of outdoor furniture without compromising the sophistication of indoor furnishing. Inspired by nature and life, our furniture can be placed anytime, anywhere, regardless of season and setting.

In pursuit of "Living with Design", we design furniture with an inclusive language that is unlimited by spatial boundaries, for users of all backgrounds to explore the many ways to integrate design with space. Joining the strengths of "Designed in China" and "Made in China", Kundesign hopes to bring products that are both modern and accessible to anybody who appreciates good furniture.

Designer

Kun completed his studies in furniture design at the NFU in Nanjing, 2012. Since graduating, he has collaborated extensively with international furniture brands, including those from Italy, the Netherlands, Sweden, and the US. His works have been regularly featured in exhibitions such as Spoga+Gafa Cologne, Salone del Mobile Milan, and ICFF New York. He has been awarded the China Good Design Gold Award in 2015, and the 2018 ICFF NYC X DESIGN AWARDS Honoree in Outdoor Seating.

A designer who mainly engages with contemporary spatial and furniture design, Kun has a maker-mind mentality with deep insight into the manufacturing process. He strives to integrate his works with the procedures of industrial production to embody the latest available technology. Kun often upgrades and optimizes the current manufacturing processes in accordance with his designs and newly developed materials, in hopes that his products can maintain modernity and sophistication without compromising accessibility. His preference for designs with creative utility and emotional warmth can be seen through the details of his works.

50

51

The birth of Chic Folding Chair is a tribute to the classic 'Director's Chair' in the 20th century. Its design inspiration can be traced back to the ancient Roman period.

Through modern technology, Chic Folding Chair has simplified and optimized the structure of the chair to the utmost extent. Each component is casted with fine details. Its sturdy chair body is composed of metal frame and hand-made three-dimensional sewing fabric, with the built-in quick-drying sponge on the back and seat surface, providing both aesthetic feeling and comfort.

BALANCE-DINING TABLE
(KT8602) Black Mat/Jenny Grey Top

BALANCE-SIDE TABLE; (KT8508)Sandstone/Teak Top
CHIC-FOLDING CHAIR; (AC5746)White Mat/Light Grey

In addition, the color scheme of clay, jasper green, and the specially added teak armrests make this chair more elegant and fashionable. In daily use, Chic Folding Chair is easy to store, highlighting the quality and sense of weight, can be applied to various scenes.

OVAL

OVAL chair is our contemporary and three-dimensional take of the traditional board back chair. The edge stamping craft allows it to have a large and three-dimensional backrest - comfortable and compact.

RUGBY

Rugby series expresses a blend of metal, wood and rope elements which is inspired by the sport of Rugby. The first impression of this series is steadfast, steady. And the elegant detail gives more levels of design expression.

92

RUGBY-LOUNGE ARMCHAIR
(KC8603) White Mat/Sand; Cushion in Sunberlla5476

93

An interactive conversation between metal, wood, and fabric resulted in the design of the RUGBY series. The upholstery's plump shape is relieved by spindle shaped-legs, so the resulting structure takes on a refreshing rather than chunky appearance.

124

125

ROOT PLANTER

PIPE BARCART

Derived from the PIPE double deck coffee table, the bar cart has been designed in full consideration of its usage and movement. It has a stable structure that is easily maneuvered around. Minimalistic and modern, the design of the PIPE bar cart can be well integrated into the outdoor environment

126

127

PIPE BAR CART
(KT8503) Olive Grey

LANTERN

The inspiration of Lantern series comes from the combination of oriental aesthetics and modern design.

128

LANTERN-HAND LAMP
(KH8510) Orange/Olive/Black Mat

129

Lantern series is about "light", the lamp absorbs the configuration elements and special style from the traditional Chinese lantern and hand-basket. It retains the elegant "handle" design on the top, which can be easily carried and moved at will.

LANTERN-HAND LAMP
(KH8510) Orange/Olive/Black Mat

For this hand lamp, it adds a small round bottom, which you can display plants, flowers, decoration pieces to build the cozy atmosphere, delightfully fresh nature.

LOOP

The LOOP chair was originally designed to express continuous lines. The entire chair is woven with a single continuous rope. In order to ensure continuity and product quality, the back and the seat of the chair were proportionally divided into four parts, which not only boosts the appearance, but also increases the product lifespan. Soft as well as responsive, the chair provides a comfortable seating experience without the need of a cushion. Additionally, the wear-resisting and strong PVC simplifies the cleaning processing - use a soft brush to give it a fresh new look.

CHIC

Chic folding chair was born to pay tribute to the classic Director's Chair in 20th century, and its design inspiration can be traced back to the earliest. In ancient Rome. Through modern technology, Chic folding chair has simplified and optimized the chair structure to the maximum extent, and every part is integrated. Body casting, reinterpreting standardization from excellent details. Its firm chair body consists of metal frame and hand-sewn three-dimensional sewing fabric. Quick-drying sponge is built into backrest and seat surface, which has both aesthetic feeling and sitting comfort. In daily use, Chic folding chair is easy to store, showing quality and weight. And can be applied to various scenes.

OVAL

OVAL chair is our contemporary and three-dimensional take of the traditional board back chair. The edge stamping craft allows it to have a large and three-dimensional backrest - comfortable and compact. The legs have plump lines that give off a powerful presence when placed in open space. We use wooden finish on the aluminum seat surface to make it more durable and easier to maintain while retaining the warm visual sense of wood.

NEST

The geometric weavings of the NEST collection mimic the appearance of rattan, giving the series a tropical look. On the highback-lounge chair, the weavings create a partition around the body for privacy. Crafted in weather-resistant ropes and quick-dry cushion, the sofa is suitable for both indoor and outdoor use.

BANYAN TREE

With a curvature that conforms to the natural arch of the human spine, the back of the Banyan Tree is designed to put the body at ease. The interwoven strands are reminiscent of tree vines to create a distinctive look that can easily complement its surroundings. Weaved in weather-resistant and easy-to-clean Kundesign Rope, the Banyan Tree is a versatile series that can be placed in small living spaces, both indoors and outdoors.

PILLOW

The PILLOW is the result of Kun's exploration for the possibility of outdoor upholstery. Continuous adjustments were made during the development process to find the current structural proportion that merges functionality with streamlined aesthetics. The back and armrest cushions of the collection resemble soft pillows - just like the collection name - whose coverings can be removed for easy cleaning. Wrapped with KunDesign Tex, a material with remarkable durability and resistance to outdoor conditions, the quick-drying cushions are designed to be placed outside. Seated on a teak or bamboo base frame to create a textual contrast, which are FSC certified in consideration of the environment. With versatile modular components, the Pillow sofa is suitable for all interior and exterior settings.

RUGBY

An interactive conversation between metal, wood, and fabric resulted in the design of the RUGBY series. The upholstery's plump shape is relieved by spindle shaped-legs, so the resulting structure takes on a refreshing rather than chunky appearance. The armrests have a width and height that match the body's natural arm placement, and also serve as partition from the cold metal frame. Constructed with comfortable materials that are weather-resistant, the collection can be used in all spaces, both outdoors and indoors. With quality and weather proof teak wood set on aluminum legs, the lounge coffee table is designed to complement the contemporary lifestyle. It is deliberately set at a height that allows the table to be used not just for a singular purpose, but as a versatile and multifunctional product in your home.

MOONCAKE

Inspired by joyful holiday moments in life, the Mooncake stool is shaped like a traditional snack in the Mid-Autumn Festival, with continuous arc design and bright colors, presenting a light and cheerful playfulness. This all-aluminum stool is waterproof, easy to clean and maintain. It is suitable as an item to decorate the courtyard or indoor space. It can also be used as a side table to create a vibrant atmosphere.

BALANCE

A return to the basics was the central theme at the start of our weight table design process. Weights are used as mass standards to express our understanding of the load bearing of the table. The lines on the weights are designed with respect to the golden ratio, thus the top and bottom components are firm and secure. The series of weights also have symmetrical upper and lower end-tables, with the upper one removable to serve dual functions of storage and flower arrangement.

LOTUS PLANTER

The Lotus planter continues to express the family character of the series, with the central column shaped like a petal and a continuous combination of one petal to another. The overall flowerpot upper matches the rhythmic base of the petals below, achieving a more aesthetically pleasing ratio. This series is more suitable for home use with four reasonable sizes to meet your different plant needs.

LOTUS VASE

The design of the Flower Vase comes from KUNDESIGN's iconic Lotus series, trying to do an environment-friendly and sustainable design. This vase uses the leftover material from the column of Lotus Table. Through recycling and reuse, the re-design and application are realized. Flower Vase takes 'petal' as one continuous element, creates a happy and flowing rhythm. S vase is suitable for green plants within 25cm, it can also be used as a storage bottle or decoration. M vase is used for daily flower arrangement. There is a 'single petal' design on one side, which provides a creative place for flower lovers. L vase is specially designed for hydroponic large-sized branches and plants, the bottom of the vase is equipped with a small partition, which can better fix branches or large bouquets above 50cm and avoid swaying or dumping.

ROOT PLANTER

Root flowerpot refines the "rooted" state of wild plants, and expresses full vitality with abstract design language. It consists of an ellipse. It consists of a tub and a bracket, which can be split up and down. The unique "V-shaped" structure creates a feeling of strength sprouting upward. Among them, the tube basin. The prototype is taken from the vessels of the North African tribes, which is round and simple; The three feet at the bottom are as light and stable as the root system of a plant that goes deep into the soil. Solid. This bracket is not only convenient to move, but also improves the air permeability of the flowerpot, which is beneficial to daily planting. Color matching of Root flowerpot comes from. In the Gobi and oasis of nature, the fine sand-like spray texture presents matte texture. Can satisfy people. Demand for different plants can be used outdoors or at home.

LANTERN

The inspiration of Lantern series comes from the combination of oriental aesthetics and modern design. Lantern series is about "light", the lamp absorbs the configuration elements and special style from the traditional Chinese lantern and hand-basket. It retains the elegant "handle" design on the top, which can be easily carried and moved at will. For this hand lamp, it adds a small round bottom, which you can display plant, flower, decoration pieces to build the cozy atmosphere, delightfully fresh nature.

Product features :

1. Lamp is waterproof, has warm LED light, and adjustable brightness with 3 way switch.
2. Dual charging mode thru either solar power or micro-USB port.
3. Built-in USB port for charging mobile phones and other devices.

Instructions :

- 1.To turn on for the first time, press button for 5 seconds. Each additional press switches between three different light levels.
- 2.Battery is fully charged in 6 hours with solar power, or 2 to 4 hours using USB. Battery is full when the indicator light is green.
- 3.There are three levels of brightness: battery lasts 2 hours under "high", 6 hours under "medium", and 12 hours under "low".

KUNDESIGN Rope is a weaved Selected PP fibre. The material has a soft surface that acts like a fabric. Avoid pulling/pushing the material too hard as this may cause it to lose its shape. This weatherproof material withstands changing weather conditions, is UV-resistant which makes it ideal for outdoor use. It is easy to maintain and can be cleaned with ordinary household cleaners.
