ORLANDO COLLECTION

The Ottoman can easily be transformed into a 1seater simply by adding a backrest.

When the teak top is placed on top of the ottoman base, you can create a coffee table.

Backrest frame can be positioned all along the backside, the frontside and on both sides of the base frame!

The armrest can be positioned at both ends of the base!

ORLANDO COLLECTION

An aerial photograph of a modern outdoor patio. Three people are relaxing on a modular grey outdoor sofa. One woman is lying down, another is sitting up, and a third is sitting with their back to the camera. Next to them is a small, round, dark grey table with a black metal frame, holding a bottle of beer, glasses, and a tray of snacks. The patio is paved with large, light-colored stone tiles. In the background, there is a swimming pool and some greenery.

Orlando is a novel outdoor sofa concept that underscores the importance of modularity, attention to detail, superior design, and high-quality materials. Each 3-seater base is equipped with 3 backrests, 3 backrest cushions, and a seat cushion, offering adaptability with the ability to position backrests anywhere around the base, including the front, back, or sides. The base, multifunctional in its design, can serve as a sun lounger, a 3-seater sofa, or when combined with another base, a corner lounge. Furthermore, a teak top can be affixed to any part of the base, thereby converting it into a handy table surface.

ORLANDO COLLECTION

ORLANDO COLLECTION

BASE with reclining backs

The Base has a reclining back at both ends so it can easily be used on the LEFT and on the RIGHT side!

ORLANDO COLLECTION

BASE with teak tray

The teak top fits perfectly on top of the base frame. It can be positioned on the sides or even in the middle. It can also be placed on top of the small frame to form a coffee table.
