LAPÉL carver chair - MGallery Grand Hôtel Roi René, Aix-en-Provence centre.

INSIDE, OUTSIDE, LIGNE ROSET

A unifying thread: representing – in a complete collection of upholstery, storage, decorative items, lighting, rugs and fabrics – a certain elegance and art of living; pieces which bear the stamp of the greatest talents in contemporary design from all over the world.

An approach: adopt open-mindedness as a business strategy, make creativity a philosophy, non-conformism a policy, and intellectual curiosity a character trait.

A translation: as the frontiers between interior and exterior begin to disappear, Ligne Roset fully responds to the desire to expand comfort and style beyond the walls of the home.

With exclusive creations, or new versions of iconic models, the collection is expanding to respond to new usages, on balconies, terraces or verandas, in the garden, by the pool or even in the middle of a field. With added soul and the quality standards which define the Ligne Roset brand.
